Exide EFB

Passenger vehicle batteries

- › High charge acceptance over life of battery
- › Now 3 times higher cycle life
- › Optimised for partial-state-of-charge operations
- › Ideal for small to mid-sized cars with Start-Stop and other fuel-saving features
- › High-level safety features
- › Perfect operation in engine compartment
- › Latest generation approved by car manufacturers
- › Ideal for taxis and vehicles with auxiliary heating
- › Suitable as an upgrade for vehicles with start-stop technology
- › For vehicles with brake energy recovery
- › Great car parc coverage from a limited number of SKUs

Battery	Volt	Capacity	Cold cranking amper	Length mm	Width mm	Height mm	Position of terminal	Terminal	Hold down	Quantity
